By signing below:

I am representing and warranting that the information in this application (including information in the documents that I submit as part of my application) is true and correct.

I understand that Digicell 23 CC. will rely on this information when determining whether to approve my application. If Digicell 23CC approves my application, and later determines that the information I provided was materially false or incomplete, then Digicell 23 CC will have a right to terminate its agreements and contracts with me.

I hereby authorize Digicell 23 CC. (and its affiliates and authorized agents) to make any additional credit, background checks, and character checks that Digicell 23 CC. or its affiliates deem appropriate, including obtaining of a person credit report. If my application is approved, then this authorization shall continue as long as I am in the process of developing or I trading as a Digit Dealership.

I hearby authorize all persons, schools, banks and financial institutions, past or present employers, credit bureaus, and law enforcement agencies to release to Digicell 23 CC. (and its affiliates and authorized agents) any information about me that they possess, without qualification or restriction, and I hereby release them from any liability for complying with this authorization.I authorize that a photocopy or facsimile or this release be considered as valid as the original.

I am warranting and representing that I do not currently have any interest in a vehicle tracking or fleet management business that would result in a violation of the covenants against competition contained in the Digit Distribution agreement governing the business I am seeking to acquire.

I understand that if my application is approved, and I acquire a Digit vehicle tracking dealership, then Digicell 23 CC. and its affiliates may, but shall have no obligation to, from time to time extend credit to me in connection with my operation of a Digit vehicle tracking dealership, including but not limited to my purchases of Digit related products.
